Re: Jake Nordstrom Eagle Project

To Whom It May Concern,

I have known Jake Nordstrom for the past several years because he has worked for me at Camp Marin Sierra Boy Scout summer resident camp. I have been the camp director during those years.

Jake is the type of employee of whom every employer dreams. He is enthusiastic, hard working, honest, consciencous, and dedicated. He has been well-liked by fellow staff members, Scout campers, and adults because he is courteous, friendly, and goes out of his way to help.

Because we have a staff of nearly 60 people every summer, having people like Jake is essential to the success of the camp. The backbone of our staff is a corps of people about whom we need not worry whether they will complete tasks or lead others in a positive direction. Jake always shines because he can follow directions, which makes him also an outstanding leader. I would rehire him again without question.

The scope, passion, and vision that Jake has put forth in his Eagle Scout project has impressed me deeply. His desire to be kind and compassionate to those around him and to those in other parts of the world clearly undergirds this project. If anyone can see this through to completion, Jake can do it.

I heartily support this project and ask that you please consider and support the needed government approvals for his project to be realized. He is an outstanding citizen, a model Boy Scout, and an ambassador of good will that many should seek to emulate.

Feel free to contact me with any further questions.

Sincerely,

Tim Wells  
*Camp Director*
